The Computer History Museum in Mountain View, California, is a nonprofit organization with a four-decade history as the world’s leading institution exploring the history of computing and its ongoing impact on society. The Museum is dedicated to the preservation and celebration of computer history and is home to the largest international collection of computing artifacts in the world, encompassing computer hardware, software, documentation, ephemera, photographs, oral histories, and moving images.

**MUSEUM HOURS**
Wednesday–Sunday 10 a.m.–5 p.m.
*Check the Museum’s website for special hours*

**MEMBERSHIP**
A Museum membership is a fun way for technology fans to get involved with CHM. See the Reception Desk for more information or visit us online at computermuseum.org/membership.

**EDUCATION**
Exhibition tours, artifact demonstrations, and hands-on workshops are available for learners of all ages. See the Reception Desk for more information or visit us online at computermuseum.org/education.

**SUPPORT**
Generous contributions from individuals like you support our work in collections, exhibition development, and educational programming. Help us tell the fascinating stories of the Information Age by giving a gift today. Visit us at computermuseum.org/contribute.
